Campus Dining Information

As an Orientation Leader, most of your meals on campus during the Week of Welcome (9/18 - 9/24) will be covered. For WOWWeb meal reservations, you will be able to make a reservation once every 12 hours.

*Please note that once you make a meal reservation you will have to wait 12 hours even if you cancel that meal reservation.

Throughout the Week, on campus venues will be offering selected options from their individual menus! Please take this into account when signing up for meals by spreading out your dining choices – try not to eat at Metro for every meal.

Breakfast: Breakfast is available every day. There will not be WOWWeb reservations available for breakfast. Students and WOW Leaders can go at their leisure, or breakfast can be incorporated into their DLS! Make sure to note whether or not breakfast will be provided or if students are responsible for grabbing it on their own. You must have lunch and dinner scheduled on your DLS for the days in which you can make reservations for meals, whether or not it is a campus reservation, a business deal, etc. All meals must be detailed in your DLS.

Faculty & Staff Visits

We are still looking for you to sign up your groups to participate in Faculty & Staff Visits!!!

Faculty & Staff Visits provide an opportunity for incoming students to make a personal connection by getting the chance to spend some informal after-hours time together with an established professional at Cal Poly. You

will work directly with the faculty/staff to plan a joint event for your group of incoming students. Activities could include a visit to the home of a faculty or staff member for a meal, a game night, a hike, pizza party, a bonfire, a visit downtown to a local business, off-campus lunch, etc.

Visit orientation.calpoly.edu/wow/faculty-and-staff-visits to sign up for this awesome experience. If you have any questions, email orientation@calpoly.edu.
