Meeting Notes:
- **President Armstrong Presentation**
  - President Armstrong addressed a variety of COVID-19 efforts aimed at returning to in-person operations in the fall 2021 including the new saliva testing.
  - President Armstrong spoke of the goal to return to majority in-person classes, the current athletics event capacity, and an analysis of our current admissions statistics related to the incoming cohort of students and the value of a Cal Poly education.
  - President Armstrong answered a variety of questions centered on summer 2021 operations, the future of virtual education and large-scale programming expectations for 2022 and beyond.
- **Tina Hadaway-Mellis, Assistant Vice President for Student Affairs Health and Wellbeing**
  - Tina shared an overview of the services offered at Campus Health and Wellbeing and shared a variety of unique initiatives including a student substance abuse prevention and education program.
  - Tina spent time on a variety of COVID-19 operations including ongoing testing compliance, vaccine administration, and current campus and community statistics relating to the virus.
  - Tina answered a variety of questions related to vaccine requirements for students living on campus and how those decisions will be made. Tina shared that student will be required to show a negative test when returning to campus after spring break.
- **Liaison Reports**
  - Kimaili Davis shared that he is serving in the new Student Diversity and Belonging liaison role and is connecting with Dr. Jamie Patton. He is looking to expand the role and influence departments around campus to foster a more inclusive environment.
  - Joss Maas shared a report from CAFES and noted that three of CAFES majors were able to have in-person classes during pandemic; Wine and viticulture center and Frost building will open in Fall 2021; Swanton Pacific Ranch is making recoveries after the fires this past fall; Name change for Forest & Natural Resources, Forest & Fire Science.
