Are you passionate about agronomy, soil science, or the broader agricultural industry? Here's an exceptional opportunity for students who have an entrepreneurial spirit. This position offers the unique chance to earn-as-you-learn, providing valuable exposure to the real-world applications of your studies. You'll be mentored by an owner with over 47 years of experience in agronomy and soil science. The long-term goal is to help the right candidate develop the skills, client relationships and confidence needed to eventually take over an established book of business in a key agricultural area of Idaho.

If you're motivated to grow your skills and be part of a respected agribusiness, I would love to hear from you. I look forward to helping you grow your career from the ground up.
