

CAMPUS LANDSCAPE COMMITTEE

Function

The Campus Landscape Committee is a subcommittee of the Campus Planning Committee. The committee is charged with the ongoing assessment of the landscape of the campus and in particular how the landscape treatment can serve an educational role while still recognizing such aspects as appearance, function, budget, maintenance, and safety. The committee will make recommendations for landscaping of new projects and replacement plantings. Recommendations may be concerning species to be planted but may also include landscape plans in concert with the Trustee-appointed professional. The committee is further charged to develop a master plan for campus landscaping formulated to ensure that in the years ahead the campus will continue to be of academic value and provide an aesthetic and functional environment. For operating effectiveness, the committee is advisory and reports to the Senior Vice President of Administration and Finance.

Membership

The committee appointments are made by the President as indicated below. The chair shall be a faculty member and elected by the committee. The term of office for faculty members is two years; for other members, one year.
