

CAMPUS SAFETY AND RISK MANAGEMENT COMMITTEE

Function

The Campus Safety & Risk Management Committee is appointed by the President to identify, evaluate and recommend appropriate actions to manage risks associated with campus activities. The Committee's primary focus is to prevent injury, illness or damage to Cal Poly assets.

The Committee shall establish a process to facilitate learning and communicating information regarding identified hazards and prudent preventative measures. The Committee membership shall include representatives from across the Campus to realize a broad range of perspectives. The Committee shall include subcommittees designated to address specific categories of safety and risk management.

Subcommittees

Subcommittees shall gather information from the campus community; review Cal Poly and other university policy/programs to help identify opportunities to improve safety; report findings to the Campus Safety & Risk Management Committee; and assist with developing a communication plan:

- Pedestrian / Bike / Driver Safety - Monitor and evaluate recent accidents and injuries involving these modes of transportation review pertinent existing policy/programs.
- Accident Prevention – Monitor and evaluate recent accident and injury reports involving work-related and non-work-related Cal Poly activities that occur on or off campus, as well as inside and outside of buildings, including classrooms, worksites, recreational facilities, etc.
- Fire and Life Safety – Review existing fire and life safety programs on campus to identify opportunities to improve overall performance through collaboration and communication.
- Health & Wellbeing – Identify opportunities to increase awareness and promote healthy life style choices throughout the campus. Collaborate with the Cal Poly Health Services' Health and Wellbeing Director, Human Resources and other key stakeholders as deemed appropriate.
