Committee members are reminded of the importance of communicating with their constituents on issues of interest. The effectiveness of standing committees is directly related to timely input from represented groups. SC3 members are expected to have reasonable, ready access to college councils, fee committees and decision-makers on use of technology.

The above appointments are effective immediately and remain in effect until appointments are announced for the next academic year. Each campuswide standing committee will be requested to submit an annual report to the President with a copy to the University Committee on Committees at the conclusion of the academic year.
