Samuel Cunningham	2018-2019	Alejandra Alvarez	ASI President

Committee members are reminded of the importance of communicating with their constituents on issues of interest. The effectiveness of standing committees is directly related to timely input from represented groups.

The above appointments are effective immediately and remain in effect until appointments are announced for the next academic year. Each campuswide standing committee will be requested to submit an annual report to the President with a copy to the University Committee on Committees at the conclusion of the academic year.

Attached is an outline of the Campus Landscape Committee's function and membership. New members are urged to consult their predecessor for background information on this committee. The chair will also serve on the Campus Planning Committee.
