

**2011-13 Cal Poly Catalog****Cal Poly Continuing Education****Natural Resource Management &  
Environmental Sciences Department****DISASTER MANAGEMENT AND HOMELAND  
SECURITY MINOR**

The program is a multidisciplinary cooperative effort between the Natural Resources Management Department, Continuing Education, California Emergency Management Agency, and the California State Fire Marshal's Office. It includes a broad understanding of the nature, impact and recovery methods of natural and human caused disasters on the wildland and built environments.

The program includes courses in policy, planning and operational components of disaster management and homeland security, including opportunities to gain practical experience and work with current incident management technologies. The minor prepares students from various majors whose careers will be related to disaster management and homeland security.
