In Memory of

**Michael Derick "Mikey" Gallegos**

It was an exciting week at Poly High School. The 28th Annual Science Fair is tomorrow as Poly's brightest prepare to display their projects.

Micah is a first year student at Poly High and is representing Ms. York's science class. He hopes that his robot Splash will show robots can be used to help people in emergency situations.

Have you finished the program yet Micah?

Not yet, I just uploaded the Buddy Drive, but some programs don't want to shut down.

I'm going to be late for the bus!

I'll walk with you to the bus.

Are you sure, what about the programming?

I'll take care of it tomorrow. It may take a while for Splash to process it but I'm sure Splash will be ready!

Later that night...

This looks fun.

```

```

Mr. Strong thank you for coming. Micah could not be here so I will be taking his place.

Ms. York, can you show us what this robot can do?

Start up sequence...  
Engaged...  
  
Warning...  
Unknown Program Detected

It will take a moment to start up but Splash is designed to help people in a fire danger situation. It comes with a state-of-the-art Buddy Drive!

Greetings, my name is Splash. I'm here to help! What can I do for you today?

Splash conduct an environmental scan of the Auditorium.

Facinating!

The results of the scan should be--

Scanning...warning. Fire danger is critical!

**WARNING!**  
**FIRE DETECTED**

What? This can't be right! Rescan!

Ms. York shut it down!

I can't! It's going through it's protocol. It's too late!

```
Evaluating situation...  
...  
Recommend...  
...Evacuation of innocents...  
...Extinguish fire...  
...  
Initating protocol...
```

Initating fire extinguish system. For your safety please evacuate to the nearest emergency exit.

Everyone outside now!

Meanwhile in Micah's Math class...

Now the Pythagorean Theorem states that...

Tell me something I need to know.

SENSEI ZERO!  
WE NEED YOU!  
PLEASE HELP!

Ms. York

Attention students, please evacuate immediately, students have been granted extended recess. Sensei Zero enroute!

Ms. York, this is Sensei Zero. Please tell me what's wrong?

It's Splash, it's spraying the whole Auditorium, oh it's so cold here! It's out of control! Please come and help us!

Hang on Ms. York I'll be right there! Take cover and get dried off.

What other Poly students don't know is that Micah is Sensei Zero, one of the fastest talented teens on Earth!

Good Afternoon Micha, access granted.

Suit power at 100%. Processing new updates.

Updates complete!

Ms. York, I'm on my way, just hang on! Be there in a dash!

Hurry Sensei, Splash is watering the whole auditorium! Everyone is out and safe, but the auditorium becoming a mess! Hurry!

Sensei Zero dashes to the RESCUE!  
GO ZERO GO!

Computer access files on Buddy Drive. Give me all data and codes.

**VROOSH!**

Warning Water pressure low! Fire danger still critical! Scanning...

Water source found! Using school water!

100% Water pressure.

It's using the school water!

I'm here I'm here!  
Please Principal  
Strong, tell me  
what happened  
here!

Ms. York activated the robot and  
said there was a fire. Then it  
started spraying water all over  
the place. Everyone is safe but  
what are we going to do? What do  
you have in mind?

Hmm. I'm going to  
check it out.

Are you going  
to destroy it,  
Sensei Zero?

No. Splash has the  
right to exist!

Good luck  
Sensei  
Zero!

Hey Buddy!  
What's up?

I'm busy  
Sensei.

Hate to break it to you Splash but everything is fine. There's no fire to put out. It's just you, me, and a mess of an Auditorium! But it's ok, we're safe.

No this is impossible! My visual scanners show that there is fire! Even you're on fire!

Use your temperature scanners. Try it!

Scanning...the temperature is 65 degrees Fahrenheit. Impossible. Fire burns at over 1500 degrees!

So can there be a big fire?

No. I was wrong. What is happening?

It's probably just a glitch. When I left last night, some programs were running and they wouldn't shut down. I'd like to take a look and see what it is if that's alright?

Very well, shutting down all systems. Going to sleep.

No, no, no, no, wait, wait, wait, wait!

I didn't mean right now, but okay. We'll do it your way.

Let's see what's going on.

```

```

Oh I see now, the fighting game was installed and was incompatible with his Buddy Drive. I'll try removing it. That should-

It's okay Splash. Let's work together. Are you ready to help me out Splash? What do you say Buddy?

Activating drying fans, ready at your Command Sensei Zero. Let's fix this!

Let's do this Splash!

Two hours later, after Sensei and Splash cleaned the Auditorium...

Students, thank you for your patience and cooperation. Today the robot Splash would like to address the audience.

Students and teachers, my name is Splash. I am a robot, but I am a robot that had a programming malfunction. So I hope you can forgive my actions. I thought I was doing the right thing.

Though the crowd fell silent for a moment, a girl named Carrie spoke up and said...

I think we should forgive him because he helped me water my flower. Sensei Zero and Splash also fixed all of our projects too. Let's give him another chance!

Ugh...

Ugh...

Well Splash it looks like you're forgiven. If only Micah was here to see this.

Would you look at the time. Wow time flies right? Oh my gosh I need to get out of this suit! It's hot in here!

When you have to go sir, you have to go.

Hmm. I wonder where he's going.

Two months later...

I need to make some upgrades to my suit. The one I have is fine but it's too warm.

This new design will use less energy and have a less charge time.

Sir, there's a message from the principal.

Patch him through.

Micah. A cloaking suit has been taken. Can you help us find it?

Splash, are you ready for an adventure? It'll be fun! Helpful too.

Absolutely!

We'll meet you in your office Mr. Strong.

Sensei Zero  
and  
Sensei Splash  
will return in
