

The Plasticity in Neurodevelopment (PINE) Lab at Northeastern University (PI: Laurel Gabard-Durnam) is hiring a lab coordinator to start late spring/early summer 2021. This person will have the opportunity to work on a series of projects using neuroimaging to examine neurodevelopmental mechanisms linking experiences of stress and adversity to social and affective learning. The person in this role will gain experience with all aspects of the research process, which could serve as a launch pad to graduate studies. A two-year full-time commitment is preferred, and we encourage applications from members of under-represented groups in science! Please share with any interested undergraduates or post-bacc students? Thanks so much!
