

Virtual Computer Labs

Cloud-Based Application Streaming

Virtual Computer Labs enables Cal Poly students and faculty to access academic software previously only available in on-campus labs—using a web browser.

SOFTWARE TITLES

Currently Available

ArcMap 10.7.1
IBM SPSS Statistics 26
JMP Pro 15
Maple 2019
MatLab R2019b
Minitab
NI LabVIEW 2019 SP1
SAS
Wolfram Mathematica 12

Coming Soon

AutoCAD
Solidworks
ArcGIS Pro

Features & Considerations

- Students and faculty **must** first enroll in Two-Factor Authentication (Duo)
- The service syncs with OneDrive and enables printing
- Software is rapidly being added to accommodate the needs of faculty and students
- Faculty are encouraged to log in and test the service. Get more info at bit.ly/VirtualCompLabs.
