Summer 2024 Registration and Deadlines

Dear Students:

Registration for summer term will begin on **Wednesday, April 24, 2024.**

**When can I register?**
Visit your Student Center in your My Cal Poly Portal to find the specific day and time of your registration appointment (listed in the “Enrollment Dates” section). You can register anytime between your 1st round registration appointment and June 21, 2024 (the end of Open Enrollment). Don’t forget to check to see if you have any holds on your account.

**How do I add/drop/swap/edit classes or use a permission number?**
See our short tutorial videos on how to perform enrollment transactions. These tutorials can also be found in the “Student Center” section of the “Register For Classes” tab on the Office of the Registrar website.

**What are the important deadlines that I need to know?**
Find important term deadlines — such as the last day to drop and add classes — on the Summer 2024 Planning Calendar.

Best of luck as you continue your fall term!

Thank you,

The Office of the Registrar
