  - Complete summary of new programs, deactivated programs, and program name changes
  - College-by-college summaries
    - New programs, deactivated programs, program name changes
    - Curriculum changes where a course offered by another department has been added or removed
    - All course proposals (new, edits, and deactivations)

# Curriculum Management System

- Online Curriculum Management system is used by faculty for submitting, reviewing, and approving course and program proposal for the Cal Poly Catalog
- First used for the 2015-17 catalog
- Access is through the Curriculum Management portlet on the Cal Poly portal
- All faculty automatically receive access
- The system is comprised of three areas
  - Course Inventory Management
  - Program Management
  - Workflow

## Curriculum Management ✕

Use the online forms and electronic workflow in the Curriculum Management system to submit proposals for the catalog. For additional information, refer to the Curriculum Handbook.

### Course Inventory Management

- Edit, deactivate, reactivate, or propose a course.

### Program Management

**NOTE:** As the General Education template is being revised and applied to curricula for the 2020-21 catalog, programs may not be edited in the Curriculum Management system. In the interim, departments will still have access to deactivate or to propose new programs (e.g. concentrations, minors) in the system for the Summer 2021 catalog.

- Edit a program's description, learning objectives/outcomes, or curriculum.
- Deactivate or propose a concentration, graduate certificate, minor, or specialization. (Contact Academic Programs and Planning to propose, elevate or deactivate a degree program.)

### Workflow

- View and manage workflow, if you have approval responsibility, such as chair of a curriculum committee or chair/head of a department.

# Course Inventory Management

- Deactivate a course
- Edit a course
- Propose a new course
- View approved course proposals

# Program Management

- Deactivate a program
- Edit a program
- Propose a new program
- View approved program proposals

# Workflow

- View and manage workflow by role
- Commonly used by department chairs/heads, associate deans, and chairs of curriculum committees
- Approver can edit, roll back, or approve a proposal when it's in their workflow
- Once a proposal is in workflow, it can't be edited by anyone except the individual who has it in their workflow
- Reviewer and rollback comments display at bottom of proposal

# Recap

- Are familiar with the catalog review process
- Know where to find information in the Curriculum Handbook
- Understand how the Curriculum Management system is used
