

Our AP school code is 4038. See the College Board site: <https://apcentral.collegeboard.org/scores/score-reporting> for details on Score Reporting Services.

AP exams are passed by earning a score of 3, 4 or 5, earn a Credit (CR) grade and are not calculated in the GPA. A maximum of nine (9) quarter units are earned; fewer when exam content is duplicated (see below).

Credit applied may vary depending on: major, GE requirements, catalog, exam year, AP score and CSU policy. It is reviewed annually and adjusted if the exam content and/or Cal Poly courses change.

✂ To determine credit for combined exams only, use the AP matrix for the year of the last exam taken. e.g.: if exams are taken in 2019 and 2020, 2020 exam credit *and* GE pattern will be used.

♦ If credit is granted for one of these courses, refer to the current Cal Poly catalog before enrolling in any other class listed: it may repeat content and thus not receive degree applicable credit.

GE CHANGES: Beginning 2020, Cal Poly GE Areas are changing to better align with the CSU GE designations. During this transition, we are listing both previous CPSU GE Area and new 2020 GE Area. (GEAE = GE Area Elective).

Information on this change can be found at <https://registrar.calpoly.edu/ge-2020-comprehensive-guide>

Further information on overall GE requirements as of 2020 can be found at <http://catalog.calpoly.edu/generalrequirementsbachelorsdegree>

2020 AP TESTS & SCORES: College Board has announced changes to the AP exam content and format for spring 2020. *This is to acknowledge that the CSU has recognized the unique nature of these changes and its campuses will honor all existing transferable credit articulation for spring 2020 exams on which scores of 3, 4 or 5 are earned.*
