

Our AP school code is 4038. See the College Board site: <https://apscore.collegeboard.org/scores/score-reporting> for details on Score Reporting Services.

AP exams are passed by earning a score of 3, 4 or 5, earn a Credit (CR) grade and are not calculated in the GPA. A maximum of nine (9) quarter units are earned; fewer when exam content is duplicated (see below).

Credit applied may vary depending on: major, GE requirements, catalog, exam year, AP score and CSU policy. It is reviewed annually and adjusted if the exam content and/or Cal Poly courses change.

✂ To determine credit for combined exams only, use the AP matrix for the year of the last exam taken. e.g.: if exams are taken in 2021 and 2022, 2022 exam credit and GE pattern will be used.

♦ If credit is granted for one of these courses, refer to the current CalPoly catalog before enrolling in any other class listed: it may repeat content and thus not receive degree applicable credit.

\*For those majors with a GE Electives area, credit with a GEAE designation may be applied towards that area. (Majors *without* this area are College of Engineering majors, ARCE and BRAE.)

Cal Poly will continue to recognize any variation in AP testing formats and will honor all existing transferable credit articulation for exams in which scores of 3,4 or 5 are earned.
