

*The Research Scholars in Residence Program at Cal Poly  
is pleased to present a lecture for the University and Local Community*

# ***Prove You're Not a Robot***

A talk by **Dr. Bob Field**, physicist and Cal Poly Research Scholar in Residence

**Tuesday, November 1, 2016 at 4:00 pm**  
**Cal Poly Kennedy Library**  
**Bldg. 35 Room 202A**

**Our planet and our species evolved from elements  
that were formed in and dispersed by supernovas.  
Now our fate depends on rapid advances in robotics,  
genetics, artificial intelligence, and neuroscience.  
Where are we going physically, mentally, and spiritually?**

*Light refreshments will be served*  
*Sponsored by the Office of Research and Economic Development*
