I think I saw you at the gym. Do I know you? Hey, haha maybe, I go to Cal Poly too. I overheard your name so I looked you up on Insta. OK, that's a little weird. I thought it was romantic. Do you always go around 11? Too far. Please stop sending me DMs. Haha, chill out. I just want to get to know you. You should take it as a compliment instead of acting like I'm a creep. Hopefully I see you again. You're beautiful.

It's not romantic.
