Program Agreement 2022-23
Returning Transfer Scholars

Purpose of this Agreement
This document outlines the commitments, expectations, and benefits of the Cal Poly Scholars community and financial award. While this is not a binding contract, failure to uphold these expectations may lead to additional interventions or loss of program benefits.

About the Cal Poly Scholars Program
The Cal Poly Scholars program seeks to support and retain high-achieving students from California schools, who come from low-income backgrounds by providing financial, academic, and community resources.

As a university-wide program, the Cal Poly Scholars program brings together a network of services including the Office of Financial Aid & Scholarships, Mustang Success Center, all six academic colleges, Career Services, University Housing, Student Academic Services and other campus collaborators.

Financial Assistance
Cal Poly Scholars receive a renewable, annual scholarship award. Scholarship renewal is dependent on financial eligibility, academic standing/status and completion of program requirements.

A Scholar’s financial award is unique and may contain a funding source with additional parameters, opportunities and benefits. Therefore, Scholars should contact the Office of Financial Aid if considering changing majors or taking a Leave of Absence to learn more about how these actions may affect their financial award.

Academic Support
Working closely with all academic colleges, proactive and intentional academic advising is offered to all Cal Poly Scholars. Returning Transfer Scholars are strongly encouraged to meet regularly with an academic advisor or retention specialist in their respective college academic advising center.

Community Engagement
Supplemental social gatherings will be offered through the program to encourage meaningful interactions among all Scholar cohorts. Additionally, Returning Transfer Scholars are welcome to reside on campus in the Year 2+ Cal Poly Scholars’ residential learning community (though not required).

Personal & Professional Development
Developmental workshops, signature events, and socials are offered throughout the academic year to strengthen the Scholars community, build connections with campus resources, and develop personal and professional skills for a lifetime of success. It is required that Scholars participate in workshops or events offered by the Cal Poly Scholars program each academic year.

Additionally, it is highly recommended that Cal Poly Scholars meet with a career counselor in Career Services and/or attend a Career Services’ workshop or panel every year.
Expectations & Commitments of Cal Poly Scholars, 2022-23: Returning Transfer Scholars

By accepting the Cal Poly Scholars’ scholarship award, you commit to completing and adhering to the following expectations for the 2022-23 academic year. Successfully meeting the expectations will result in continued program support and a renewable scholarship award while an undergraduate at Cal Poly. Not meeting the expectations may result in additional / make-up requirements or the loss of program affiliation, support, and scholarship award.

Workshop & Event Participation

- Engage in a minimum of three (3) workshops / events hosted by the Cal Poly Scholars program.
  - Approved workshops, events, and other engagement opportunities are indicated accordingly via the Scholars Events webpage
  - Year 4+ Scholars are encouraged to participate in workshops focused on transitioning to the future, though attending any of the Cal Poly Scholars workshops and events will fulfill the participation requirement. Some transitioning workshops in the past included:
    - Beginners Guide to Investing
    - Budgeting for Living Off-Campus
    - Grad School Panel
    - Wokeshop: Cultural Capital to Fuel Your Purpose
    - Wokeshop: Decolonizing Your Leadership

Academic Advising

- In the event you have a rough quarter and are on Academic Probation (AP), you will be contacted by an academic advisor or retention specialist to schedule a required advising appointment or workshop
  - Being on AP (Academic Probation) does not impact your eligibility to be a Cal Poly Scholar, though depending on your Satisfactory Academic Progress (SAP), it may impact the Scholar’s scholarship and other financial aid (see the Academic Achievement section for more details regarding SAP)
  - If your academic college requires an advising appointment to meet AP (Academic Probation) requirements, that appointment will satisfy this requirement
  - Scholars are expected to follow up with an academic advisor or retention specialist contact in a timely fashion
- You are highly encouraged to meet with an academic advisor from your academic college at least once per year. Key reasons to meet with academic advisors include:
  - Planning for registration, including reviewing flowcharts and course sequences
  - Exploring academic support and planning resources including tutoring, study tips, etc.
  - Discussing impacts of withdrawals, Leave of Absences, CR/NC, etc.
  - Checking academic requirements for graduation
  - Interpreting academic policies and procedures

Academic Achievement

- Determine and strive for a personal CPSLO cumulative GPA goal (we recommend at least 2.75)
- Maintain Satisfactory Academic Progress (SAP) for financial aid eligibility
A general definition of SAP is to maintain a 2.0 minimum cumulative GPA and successfully complete at least 67% of attempted units for financial aid eligibility.

For more details, please talk with your financial aid counselor and review SAP guidelines on the Office of Financial Aid website.

- Reach out to advisors for resources, academic support, and to schedule any required appointments.

**Personal Responsibility & Conduct**

- Abide by all University Policies and expectations, and demonstrate personal responsibility and conduct consistent with the ideals of a Scholar; including, but not limited to:
  - Cal Poly's commitment to Diversity & Inclusion including the Commitment to Community
  - The tenants and expectations of the Mustang Way
  - University Housing Resident Handbook and Community Standards Guidelines
  - Office of Financial Aid policies and eligibility requirements (i.e. completing FAFSA/CA Dream Act paperwork by March 2, in order to assess eligibility status for scholarship renewal)
  - Additional policies or procedures outlined by the respective academic colleges
