- A minimum of 600 hours of supervised clinical experience in the field assignment setting, with at least 200 hours of “solo or co-teaching”.
 - All experiences performed under the guidance and supervision of a Cooperating Teacher (unless approved and guided by the SOE, or as part of an established substitute teaching policy).
 - Appropriate activities for field assignments and student teaching include: observations of classroom teaching (in classrooms selected or approved by the SOE); guided and supervised teaching of whole class, small groups, or other direct contact with students; co-planning time with the Cooperating Teacher for lessons that the candidate will deliver; working with Cooperating Teacher to grade, analyze student work, reflect on lessons, or plan for the needs of individual students; engaging with professional learning communities, grade level, and department meetings.
 - Ineligible activities for field assignments and student teaching include: supervision of extracurricular activities.
 - Required “solo or co-teaching” includes activities in which the Teacher Candidate is substantially involved in planning or co-planning lessons, delivering lessons, and assessing or grading student work. The Candidate is expected to fully participate within the school environment and experience and understand the full range of activities and responsibilities of being a teacher of record.
 - Placements must provide the candidate with experiences that allow him or her to practice and acquire the knowledge and skills included in the Teacher Performance Expectations (TPEs).
 - Placements must provide the candidate with experiences implementing curriculum that is aligned with California’s adopted content standards and frameworks.
 - Placements must provide the candidate with significant exposure to school settings that reflect the full diversity of California public schools, including: robust support for students from a variety of language backgrounds; inclusiveness for students with disabilities; and (to the extent possible) socioeconomic and cultural diversity.
 - Placements must be with a qualified Cooperating Teacher who holds a clear California teaching credential in the subject area being taught; has at least 3 years of experience; and possesses knowledge of the California Standards for the Teaching Profession, as well as current trends and best practices in education. The Cooperating Teacher must be available to participate in 10 hours of initial orientation to SOE programs, effective supervision, adult learning theory, and instructional practices.
 - Placements must have a fully qualified site administrator who holds at least a preliminary administrative services credential.
 - Placements must provide the candidate with support to complete required Clinical Practice Observations and the Teacher Performance Assessment (edTPA). This may include supporting the candidate in evidence gathering and video capture, and support for obtaining media releases and permissions.
4. A single assignment of a student of the State University to Field Experience or Student Teaching in schools or classes of the District shall be, at the discretion of the State, for approximately 10-11 weeks (18 weeks for Agriculture or designated programs). Student may be given more than one assignment by the State University in such schools or classes within the same District.
- The assignment of a student of the State University to Student Teaching in the District shall be deemed to be effective for purposes of this agreement no later than the first date of each State University quarter, or secondary school semester for Agriculture or designated programs.
5. The signed Field Assignment and Student Teaching Agreement will be returned by the District to the State University no later than June 1 of the current year.

The State University is permissibly self-insured through the State of California for automobile liability.

The School District shall be named as an additional insured or covered party on the liability coverages maintained by the State University set forth above, and such coverages shall be primary to any coverages maintained by the School District. Limits of liability for each type of liability coverage shall be at least \$1 million per claim per occurrence/ \$2 million aggregate.

State University shall provide written notice to each Teaching Candidate regarding the lack of coverage of Workers' Compensation insurance by the District.

3. State University shall defend, indemnify and hold School District and its officials, employees and agents, harmless from and against any and all liability, loss, expense, attorneys' fees, or claims for injury or damages arising out of the performance of this Agreement, but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of University, its officials, agents, or employees.
