INFORMED CONSENT TO PARTICIPATE IN RESEARCH ABOUT THE SCHOOL OF EDUCATION TEACHER CREDENTIAL PROGRAMS

An investigation of the impact of El Camino-TQP reforms on teacher preparation

Researchers Chance Hoellwarth (Physics), Megan Guise (English), and Leah Wood (Education), at Cal Poly are conducting research to learn more about the experiences of cooperating teachers, teacher candidates, university supervisors, and faculty in School of Education (SOE) programs, placements and/or professional development events. The purpose of the study is to evaluate the effectiveness and impact of El Camino-TQP grant reforms on credential program stakeholders and district partners (SOE faculty, university supervisors, teacher candidates, cooperating teachers + administrators, and K-12 student learners). TQP-El Camino grant reforms included in this research project are 1) Danielson Framework for Teaching, 2) Professional Development Model, 3) Rural Student Teaching Placement, 4) Mock IEP Event.

You are a possible participant in the study because you are enrolled in or working with one of the programs in the study, or are attending an El Camino-TQP grant funded professional development event.

Participating in this study may involve additional work outside the normal requirements of the credential program or event. The additional time required for this research portion of the program will not take more than 2 hours per quarter. The data for this research will be collected from approved surveys, observation tools, existing SOE surveys and assessments that all students enrolled in SOE credential programs are required or requested to participate in, and stakeholder (program faculty, teacher candidate, university supervisor, cooperating teacher) interviews. The Survey/Assessment tools we will be using include:

Program Assessment tools:
- SOE Exit Survey
- SOE Student Teacher Satisfaction survey
- CTQ Year out Teacher survey
- Formative & Summative Student Teaching assessments (for SS, MS, and SPED programs)
- University Supervisor Observations

Research Tools
- Rural placement survey
- Pre/post event + training surveys
- Stakeholder interviews

Participation includes all required elements of the program; however, the participant may opt out of the data/research.

Teacher candidate participants who are placed in a rural school placement and who consent to participation in this research will receive a $600 stipend each quarter of their student teaching placement. Stipends will be distributed through the financial aid office.

District cooperating teacher participants, university supervisors and faculty will receive a small stipend ($100) as incentive for their attendance at El Camino-TQP professional development events that are included in this research.
