SCIENCE, TECHNOLOGY AND SOCIETY

WEEKLY NEWS 2/3

NOTE FROM DR. RYALLS

After a cold and snowy weekend in Park City, I'm happy to be back in the sunshine of the Central Coast.

Now that we are at the midpoint of the quarter, you are likely thinking about Spring registration. Next quarter, we will be offering three sections of ISLA 320, which is an upper-division C GE option. Our professors will be offering really cool subtopics in Spring, so I wanted to bring your attention to them.

- Dr. Stina Attebery will be offering "Environment in Popular Culture" MW 2:10-4
- Dr. Denise Isom will be offering "Race in Film: Sinners and Beyond" TR 9:10-11 and 12:10-2

My office hours are Monday 2PM-4PM and Thursday 12PM-2PM. During these times, we can meet in my office (52-D3) or via Zoom. Please be sure to schedule an appointment [here](#). I am also happy to set up other meeting times if you are not able to make these office hours. Just send me an email and we can arrange a day/time.

You can also contact Dr. Matthew Harsh (mharsh) who is the acting Director of STS while Dr. Kirby is on sabbatical.

 **MEET KEELY - YOUR ISLA/STS STUDENT ASSISTANT!**

Hi everyone! I'm Keely, a fourth year ISLA major/STS minor. I am also the ISLA student assistant!

I create these newsletters, run our ISLA & STS social media, and support events throughout the quarter. I'm also here as a resource for you — whether you have questions about your STS minor, need help navigating course selection, or want to get more involved in the STS community.

✉ My contact information: kfrobot@calpoly.edu

I'd love to hear from you — don't hesitate to reach out, connect, or say hi around campus.

ENROLLMENT

DATA ARE A FEMINIST ISSUE

“ Considers how inequality permeates all stages of data science. ”

“ Looks at many axes of inequity including race, gender, class, ability status, and more. ”

“ A data science that exposes and challenges power and the intersecting oppressions that result. ”

Come take Data Feminism (STAT 270) with Dr. Theobold on Tuesdays from 12-2

Course Spotlight: Data Are a Feminist Issue (STAT 270)

Data Are a Feminist Issue explores how inequality is embedded in every stage of data science—from data collection to analysis and interpretation. Using an intersectional framework, the course examines how power, race, gender, class, ability status, and other forms of inequity shape data and its real-world impacts. Interested in using data to challenge systems of oppression rather than reinforce them? Enroll in Data Feminism (STAT 270) with Dr. Theobold, meeting Tuesdays from 12–2.

CAMPUS HEALTH
& WELLBEING

Cal Poly's Alcohol and Other Drug (AOD) Prevention team is partnering with ISLA to support student safety and wellness. With fentanyl-related overdoses on the rise nationally and locally, it's more important than ever to know how to recognize an overdose and respond effectively.

Join the AOD for a brief, interactive training covering:

- How to identify an opioid overdose
- How to safely administer Narcan (Naloxone)
- How to access free Narcan + Overdose Prevention Kits

Students can pick up supplies at Building 27 (Health Center) or during weekly distributions: Tuesdays, 3–5 PM and Thursdays, 3:30–5:30 PM on the Health Lawn.

Want us to come to your space for a distribution or presentation? We're happy to schedule a time that works for you!

OPPORTUNITIES

Cal Poly AI Ethics Lab (AI/EL)

The Cal Poly Artificial Intelligence Ethics Lab (AI/EL) is an interdisciplinary student–faculty partnership dedicated to exploring the ethical, legal, and social challenges posed by emerging AI technologies. The lab creates space for students to engage in meaningful discussions about AI ethics, examine the technical realities behind proposed solutions, and learn about current research in the field. AI/EL also offers opportunities to connect with faculty and explore future research and academic endeavors related to AI and society.

Students from all disciplines are welcome to get involved.

MUSTANG MAKERSPACE

The Cal Poly Machine Shops (College of Engineering) are excited to welcome students to the Mustang Makerspace, located in Bonderson (Building 197), next to Mustang '60. This free, all-major space is your go-to hub for digital fabrication, creativity, and hands-on learning.

Inside you'll find 56 3D printers (Bambu, Prusa, Elegoo, Formlabs, MarkForged), 4 laser cutters, an embroidery machine, an industrial Cricut vinyl cutter, and sewing machines. Whether you're working on a class assignment, a senior project, or just a personal idea, the Makerspace has the tools to help bring your vision to life. No prior experience is needed—our shop techs are here to teach you, answer questions, and support your projects.

 Winter Quarter Hours (Weeks 2–10):

- Monday–Friday: 10:00 a.m. – 7:00 p.m.
- Saturday: 9:00 a.m. – 5:00 p.m.
-

3D printers are open to everyone without training, but you'll need a Red Tag Certification for lasers and some other equipment. Learn more and sign up for trainings at machineshops.calpoly.edu.

 Questions? Email calpolyshoptechs@gmail.com |  Aero Hangar: (805) 756-2266 | Mustang '60: (805) 756-5634

Come explore, create, and make your ideas a reality—see you in the Makerspace!

 Teach, Explore, and Inspire in the Learn by Doing Lab

Looking for a meaningful, hands-on experience that blends science, teaching, and community impact? Join Cal Poly CESAME's Learn by Doing Lab through SCM 302! This interactive outreach program gives Cal Poly students the chance to lead inquiry-based STEM activities for visiting 5th–8th grade classes. You'll guide real experiments, spark curiosity, and help bring science to life—all while building confidence in communication, teamwork, and instructional design. Open to all majors and offered Winter and Spring quarters, SCM 302 counts toward early field experience hours and provides valuable, real-world teaching practice.

Enroll in SCM 302: Learn by Doing Lab during registration. For questions, contact Dr. Seth Bush at sbush@calpoly.edu.
