Research Integrity through a Diversity, Equity, and Inclusion Lens Certificate Program

As part of efforts to re-focus Cal Poly’s research integrity and compliance programs to emphasize how policy and procedures related to integrity have been put in place to address issues of inequitable research practices, Research Integrity and Compliance is going to be offering a certificate program for students in Winter and Summer quarters. If you have students who may be interested, please forward this information along.

We are also looking at providing a version for faculty, although that version may be compressed into a few 2 or 4 hour sessions, or one or two 8 hour sessions.
