Data: Spring Quarter Equipment Distribution

Hardware deployed to Faculty as of Monday, 4/20:
- 7 laptops
- 246 webcams
- 325 headsets
- 137 document cameras
- 152 iPads
- 216 Wacom Tablets
- 46 Verizon hotspots
- 1 GoPro camera and accessories

We are also working to purchase and deliver another 33 computers for faculty via the Campus Computer Refresh (CCR) initiative. A second round of equipment purchases is in process now.

Hardware deployed to students as of Monday, 4/20:
- 77 laptops delivered, 13 laptops pending deployment,
- 2 webcams delivered, requests tapered off as students found solutions
- 3 hotspots delivered, 7 more requests pending arrival of more hardware (backordered),
- 1 Nikon DSLR camera

Data: Software Available in the Virtual Lab

General
- ArcMap 10.7.1
- Canvas
- Firefox
- JMP Pro 15
- Maple 2019
- MATLAB R2019b
- Microsoft Access
- Microsoft Project
- Microsoft Visio
- Minitab
- NI LabVIEW 2019 SP1
- NI Vision Assistant 2019 SP1
- OneDrive

*Please note that if we as a campus exceed over-all storage allocation, we pay for the overage rather than being blocked from doing our work. Zoom may incur a charge by the end of the quarter.
III. OCOB Student Rep and approach for fall committee membership - it was noted that we have not heard from OCOB on nominating a student for the spring quarter. Reviewed who would be returning to the committee in the fall: Estevan, Steven, Matthew, Carter. Noted that names were requested for fall early registration. Will have to work to find additional SC3 members, likely over the summer.

IV. Questions - none

Next Meeting: May 5, 2020
