***Western Bonanza does not take any responsibility for the health or care of animals while on grounds. If an exhibitor needs a vet, they will be responsible for the cost and for contacting the vet. Our recommended vet in the area: Dr. Lyon https://largeanimalpractice.com/contact/**
Please notify the livestock office if you have contacted a vet and when they are expected on grounds, so our staff can arrange easy accessibility to your animals and gate clearance.

Western Bonanza Management reserves the right to interpret and enforce these rules and make decisions regarding situations not specifically addressed in these rules.

1. Ethical treatment of all animals and ethical conduct from the exhibitors, parents/guardians, and all parties are expected at Cal Poly's Western Bonanza Junior Livestock Show.

a. Western Bonanza has a **ZERO-TOLERANCE POLICY** for disrespectful conduct. All parents, guardians, exhibitors, and associated parties must treat Western Bonanza management, staff, and students with respect at all times. Any individual who engages in disrespectful, threatening, abusive, harassing, or otherwise inappropriate behavior will be asked to leave the grounds immediately. The associated exhibitor(s) will forfeit all awards, premiums, and entry fees and will be prohibited from participating in future Western Bonanza Junior Livestock Shows. All decisions regarding conduct and removal are at the discretion of Western Bonanza Management and are final.

2. All entry fees are **nonrefundable**. No exceptions.
3. Western Bonanza Management reserves the right to modify classes, show order, stalling assignments, and the show schedule as necessary.
4. By participating in the Western Bonanza Junior Livestock Show, exhibitors and their parents/guardians authorize Western Bonanza to photograph, record, and use images or video taken during the event for promotional, educational, and social media purposes.
5. All animals must be stalled in the location designated by management. Any discrepancies must be reported to the appropriate species chair. Western Bonanza Management will make every effort to accommodate stalling requests; however, requests cannot be guaranteed due to space limitations.

a. To increase your chances of stall requests being met, please have all exhibitors write the same name or phrase in the stalling request field. For example, “Show Team 1” or “Breeder’s Name.” Listing out exhibitor names individually creates several problems when filling requests. Requests that are not submitted in this fashion will not be honored.

b. If stall requests are not made on original entries, they will not be honored.

c. We will **NOT** honor stalling requests in any other format, including but not limited to Facebook Messenger, email, or by phone.

d. Due to limited space, Western Bonanza Management reserves the right to re-assign excess stalls to another exhibitor if necessary. Entries in an exhibitor’s name are determined by the number physically on grounds, not the number of heads entered on

paper to acquire more space.

6. Only shavings or wood-pelleted bedding material is permitted for bedding; this applies to all species. No straw, hay, or sawdust may be used as bedding material. Bedding will be available for purchase at the show in the livestock office.
7. **NO PERSONAL GENERATORS OR PROPANE HEATERS (WITH THE EXCEPTION OF PERSONAL WATER HEATERS) WILL BE ALLOWED ON THE GROUNDS. WESTERN BONANZA PROVIDES POWER. PLEASE USE IT PROPERLY AND WITH INTENT.**
8. Per Fire Marshall Code, exhibitors are welcome to utilize tarps and heat lamps; however, the use of both tarps and heat lamps, or other sources of heat, will only be permitted if the top of the stall is uncovered and the heat lamp is at least 5 feet away from the tarp in all directions. Stalls found to be in violation will be asked to remove one or both items; if exhibitors or the responsible party are not present, staff reserves the right to correct the problem for the safety of others.

a. **It is prohibited to have more than 40 consecutive feet of pop-up canopies or tarps.**

i. Under this code, canopies cannot be fully enclosed, and the interior must be visible.

9. **Parking Management has the right to remove any vehicle that is not parked in a designated parking area or disrupts the flow of traffic. If vehicles and/or trailers are found in any areas that inhibit the flow of traffic or the safety of others, they will be removed at the owner's expense and at the discretion of Western Bonanza Management.**

a. When loading and unloading trailers, there must also be a firelane.

b. **Exhibitors, parents, and all associated parties arriving before the official opening of the grounds must remain in their vehicles. Exiting vehicles to reserve, mark, or claim parking, stalling, or unloading spaces is strictly prohibited. All spaces will be available only once grounds officially open. Anyone found violating this rule may be required to move their vehicle to the end of the load-in line at the discretion of Western Bonanza Management.**

10. The original purchaser of the working trailer space MUST occupy it during Western Bonanza.
11. **NO** scooters, ebikes, or personal golf carts will be allowed on grounds.
12. All dogs on the fairgrounds must be on a leash, in hand, and manageable at all times. Management staff reserves the right to ask any owner to leash their dog or remove it from grounds if it is a danger to livestock, staff, or the public.

13. Exhibitors do not need to clean their pens before departure, and there is no checkout process to leave the grounds. When an exhibitor is done showing, they are free to load out as long as they do not cause a traffic hazard to the show.
14. Western Bonanza does not take any responsibility for the health or care of animals while on grounds. If an exhibitor needs a vet, they will be responsible for the cost and for contacting the vet. Our recommended vet in the area is Dr. Lyon.

a. Please notify the livestock office if you have contacted a vet and when they are expected on grounds, so our staff can arrange easy accessibility to your animals and gate clearance.

15. Western Bonanza Management team is not responsible or liable for any livestock hosted at the Paso Robles Event Center during the duration of the Junior Livestock Show.

General Livestock Rules:

Exhibitors found to be using any unnatural substances in the fitting of their animals will be disqualified. NO EXCEPTIONS. Western Bonanza Management reserves the right to inspect or handle any animal if illegal fitting products are suspected of being used.
9. Animals deemed uncontrollable by management will not be allowed to show and will be asked to leave the grounds. We will enforce a “three strikes, you’re out” rule. If the animal is unmanageable three times while on grounds or in a trailer, the exhibitor will not be permitted to show that animal.
