

SLO COUNTY DEMOCRATIC PARTY INTERNSHIP OPPORTUNITY

Do you want to make meaningful change in our community?

The SLO County Democratic Party (SLOCDP) matches interns' strengths, skills and interests to tasks, projects and activities.

We need a variety of talents and skills to engage voters, change policy and speak out on racist practices at public and student meetings, in Op-Ed, Letters To the Editors and at rallies or public gatherings.

Here's a few tasks we need Spanish speaking interns to take on:

- translate candidate material so we elect strong Latinx candidates.
- Create candidate trainings.
- Support our developing and powerful Tenant Organizing work to ensure safe, secure and affordable housing throughout the county.
- Make comments at Paso Robles School Board to demonstrate to the community we are watching and taking action.
- Talk to our voters about important issues.

If you have an idea on how to engage voters, gather data, support our residents or campaign differently, we'd love to support your work with an internship.

If you are interested please email action@slocdp.org, contact your Academic Advisor to enroll in coursework, complete [Intern Interest Survey](#) and [Internship Info](#).

We will have a Zoom or in person initial meeting and then create a project to complete. We will meet every two weeks or more to ensure we are on track and to address the rapidly changing and evolving needs of our community.
