Job Title

Harvest Intern - Boutique Co-Op Winemaking Facility close to San Jose

Company Name

The Stomping Ground Custom Crush

Location

Gilroy, CA

Company Description

The Stomping Ground is a new boutique alternating proprietorship facility along with custom crush services located in Gilroy, CA. Home to 8 wineries as of today along with providing services to numerous other wineries. The nature of the co-op approach to winemaking for an internship position is that you will be interacting with numerous winemakers, hands on experience on various pieces of equipment including presses, destemmers, filtration, even VA removal (if needed). A harvest with us, you will learn all aspects of the winemaking process. The equipment is leading industry equipment. At the end of this internship, you will have the confidence to run a small winery if not the world. It is a fun group of wineries and people bringing various approaches to winemaking and thoughts which you will see numerous different lots of wine, not to mention various backgrounds. There will be tasting/blending/quality analysis of various lots of wine as well. We buy the best equipment to minimize the boring work and get things done efficiently. In addition, we will teach you the lab. Plus, we often have lunch together on site. Bottles of wine after work, because we like wine. Best part is one of the managing partners is the first of two Wine and Viticulture minors from Cal Poly class of 1999 (Business Manager with a Finance and Accounting Concentration, Minor in Economics plus Wine Marketing Certificate)! So we are looking for the best one or two students from Cal Poly to help this harvest.
